

Richmond FSDO, FAA Safety Team presents:

Can I Do That? Maintain My Own Airplane?

Learn about Preventive Maintenance. Topics include what you can accomplish on your aircraft and how to properly and legally sign off that work. We will include a special emphasis on Light Sport and Experimental/Amateur-Built aircraft. Plan to discuss maintenance you can accomplish on your type certificated, Light Sport and Home Built aircraft. Learn the truth about "Operating Limitations" on your experimental aircraft. Bring a copy of your Operating Limitations and we will discuss any issues you may have with your Operating Limitations. There will be an open discussion on all maintenance issues with all aircraft. So, have all your questions ready! Don't miss this exclusive briefing. Click on the link below and register TODAY.

Directions: This safety seminar will be held in the Heart of Virginia Flight Services training room located at the Hanover County Municipal Airport at 7:00 p.m. Fly in aircraft parking available on ramp area in front of terminal building. Only 50 seats available so sign up early to assure a seat on FAASAFETY.GOV !

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
